Number of years in teaching/education:	30 years
Short biography:	<p>During my 30 years of teaching, I have covered all age ranges from Nursery to Year 6. My current passions evolved 15 years ago, starting with my role as SENCO and then leading on to my work around attachment theory and trauma, behaviour and discipline.</p> <p>I have developed the school's policy for behaviour which takes into account the additional needs of our more challenging pupils. I have led the staff in the training and implementation of a whole school approach to managing these pupils, with attachment theory and trauma at the forefront.</p> <p>I have undertaken a great deal of training related to safeguarding and deliver the level 1 course.</p> <p>I am chair of the Brownhills SENCO cluster group and I am on the Brownhills steering group for the looked after children in the Brownhills area.</p>
